“Education is not the learning of facts but the training of the minds to think”

RNS First Grade College established in the year 2012 provides a truly enabling environment to contribute to the holistic development of each student. The broad and balanced college curriculum sets the directions, establishes the goals and implements a strategy for getting from where a student is, to where he aspires to be. RNSFGC has grown and has a remarkable expansion over the years in imparting knowledge in the field of commerce, management and technology. The curriculum has been evolved to achieve a balance between the emphasis accorded to academics and the importance of career. The college has a team of highly qualified, experienced, dedicated and multifaceted teaching clan to provide valuable advice and support. The college is aiming to provide good, well-disciplined students to the society with a professional skill to take up the ventures.

## **The Vision of our institution:**

“Take the benchmark in the delivery of Quality Education.”

RNS First Grade College guides the students for their overall development. There is always a holistic approach in all aspects. Students are taught to have faith, social responsibility, and work towards excellence. The college continues its pursuit in preparing the students for their academic performance and interpersonal skills.

## **The Mission of our institution:**
